Experience

Technoservices

Web Developer Intern

March '10 – Aug '25

- Created and maintained content for company website, including HTML, CSS, JavaScript and PHP and Codeigniter.
- Worked with team to create new features on existing product using agile development process
- Improved site's performance by reducing page load.
- Collaborated with other developers to improve the user experience of a popular e-commerce platform, CMS site.
- And also we work in server side change as client requirement in codeigniter.
